Highlights

District requires portfolios for students in grades 6-12, with portfolio presentations given to a public audience by students. Students in grade 12 are required to complete a senior project along with the portfolio. Senior project presentations are in May of each year.

District now owns and operates its own wastewater treatment facility. Since no city sewer or wastewater facility is available the district constructed its own to alleviate a concern over the possibility of failing drain fields.

District requires all 8th graders to take Algebra I. It is taught in a two hour block, five days a week.
